

Eyebrow After Care Instructions
(To be followed for Original Procedure & ALL touch-ups)

*After your eyebrow procedure, you will be swollen. Some clients will swell minimally and some will swell more. Everyone heals differently. This can cause the area(s) to appear uneven, red, itchy and irritated when healing. The area(s) will also appear much darker and thicker than the final result. You can expect eyebrows to fade anywhere from 10% - 50% this typically happens within 3-30 days of the first procedure. There **WILL BE** some shedding of skin with color in it as the area heals. Do not pick. Some areas of the eyebrows **WILL** fade more than other areas and as the pigment oxidizes it will start to darken up a little over a 2-3-week period. (This varies person to person) _____ **(initial)**

***YOUR APPT. WILL NOT BE MOVED UP OR MADE SOONER IF THIS HAPPENS.** _____

***ALL PERMANENT MAKEUP RESULTS VARY FROM PERSON TO PERSON.** _____ **Initial**

*Skin types, such as African American, Indian, Philippine, Italian, Oily/Severely Oily skin and the like, please note that the hair strokes **WILL** blend more with your skin tone and may not appear as defined as on lighter skin types. Red heads, blondes & fair skin types, will experience more swelling, redness, crusting or scabbing and some areas will fade substantially. They can look more powdered or solid looking and there is a possibility of no retention. _____ **Initial**

*Smoking will affect your results and may cause the pigment to fade prematurely. _____ **Initial**

***IF YOU HAVE HAD YOUR EYEBROWS DONE BEFORE, PRIOR TO ANI or Associates, THERE ARE NO GUARANTEES TO THE RETENTION OF THE PIGMENT. IT WILL FADE SOONER, & MAY NOT TAKE AT ALL. AT SOME POINT ANI WILL NO LONGER BE ABLE TO DO THEM DUE TO SCAR TISSUE.** _____ **Initial**

*A cream will be applied right after the procedure and it will protect the area for the 1st 3 days. After 72 hrs. apply GRAPESEED OIL (a very thin layer) to the brows in the (1 x a day) morning OR evening for the remaining 11 days. Please blot the area the 1st couple days. If you should experience any scabbing, crusting, or flaking, please let it exfoliate naturally. This will prevent any unnecessary infections or additional pigment loss. If the area is still dry and flaky after the 14 days, you can continue the Grapeseed Oil. It is OK to wash the brows after the 2 weeks, avoid scrubbing them.

_____ **Initial**

***It is standard to see our clients back 6 weeks *after* their original procedure for their 1st touch up, all touch ups need to be completed within 6 months after the initial procedure. _____ Initial**

This is necessary to fine-tune the treated area. After the 1st touch up, it is recommended to schedule a 2 yr. touch up to maintain the color. Touch ups will not be done any sooner than 2yrs from last appt. No exceptions. You are 100% responsible for maintaining your appointments. Confirmation calls are not guaranteed. All aftercare rules apply to all subsequent appointments as well. _____ Initial

***When you leave the office, the hair strokes are intact. How your body heals them is out of the control of the technician. This is 100% your bodies job. Even when following the aftercare fading, blurring or poor retention can still happen depending on your skin & lifestyle. This is NOT the fault of the technician. _____ Initial**

If you go elsewhere for any touchups after ANI has done them, she will no longer do your procedures.

***Permanent Makeup is an art, NOT a science. Client's results will vary & using a pencil or powder may still be needed. We have no control over your bodies healing process and each time a procedure is done, the pigment will have less retention due to scar tissue. Touch ups will not be done any sooner. _____ Initial**

***ABSOLUTELY NO GETTING THEM DIRECTLY WET: WATER, POOL, OCEAN, SUN (HEAT) 14 DAYS AFTER, SWEATING (OF ANY KIND), YOGA, SWIMMING, GYM/ EXERSION FOR 2 WEEKS. NO TANNING & RETINOLS/ANTI-AGING CREAMS FOR 30 DAYS BEFORE THE PROCEDURE AND FOR 30 DAYS AFTER. IF YOU DO NOT WAIT THE 14 DAYS, YOU WILL RUIN THE RESULTS. IF YOU DO NOT FOLLOW THIS AFTERCARE, WE WILL KNOW AND HAVE THE RIGHT TO RELEASE YOU FROM ANY FUTURE SERVICES. IF YOU WORK OUT REGULARLY, YOUR RESULTS WILL HEAL MORE TO A POWDERED LOOK DUE TO THE SWEATING AND OILS THE BODY PRODUCES WHEN IT GETS HEATED/SWEATY. I ACCEPT THESE RISKS & POSSIBILITY OF THIS HAPPENING _____ (Initial)**

***PERMANENT MAKEUP WILL APPEAR MORE SOLID OR POWDERED AS YOUR SKIN AGES & AT SOME POINT FUTURE PROCEDURES WILL NOT BE AN OPTION. _____ Initial**

***ARE YOU PREGNANT OR NURSING? YES OR NO (CIRCLE)**

***START THE GRAPESEED OIL ON: MON TUES WED THUR FRI SAT SUN**
